

Not Letting Go [Lyrics]

[Declare-Canvas EP]

Verse 1

If who I am is good enough then why am I left feeling incomplete
And lately it feels like my heart's bursting at the seams
I need you to rescue me

Chorus

I'm not letting go You have my heart You have my soul
I'm finding strength beyond control, felt a peace I've never known
And You are the fire burning bright within my soul
I need You so, can't let go, I won't let go

Verse 2

You hear me when I'm crying out
You meet me when I've fallen to my knees
It seems like I'm alright but I'm at war and long for peace
I need You to set me free

Bridge

All my faults, all my scars
Made complete in who You are
There is rest, so much peace
As Your mercy sets me free
